

Additional Information for Quantitative Economics Majors

◆Change of Major Requirements

- Completion of Math 2A, Math 2B, Econ 20A and Econ 20B with an average GPA of at least 2.5 in these four courses. In addition, they must all have a grade of "C" or better.
- Cumulative GPA of at least 2.0.
- Previous academic quarter GPA of at least 2.0 (excludes Summer Session)

NOTE: If you are hoping to pursue the Quantitative Economics major, DO NOT TAKE Econ 100A-B-C. Once you have begun this series, you will not be able to change to Quantitative Economics (QE) in the future.

◆Double Majors with Mathematics (School of Physical Sciences)

For those students who pursue a double major with QE and Math, please note the following:

- Math 2D AND Math 2E will count for Math 4.
- Math majors with a concentration in Mathematical Finance may only overlap the following: Econ 20A-B, Econ 105A-B-C and Econ 123A only.
 - MAY NOT OVERLAP: Math 176/Econ 135, Econ 132A and Econ 134A (courses may not be used for the QE major at all).
- Students pursuing these double majors should check-in with academic counselors in Physical Sciences, as well as Social Sciences for progress checks and not rely on DegreeWorks.
