

How to Get Course Credit Abroad

1

After you've been accepted into your program and have access to your list of classes available at your university, you can check on MyEAP Course Catalog to see a list of courses abroad you may be eligible to take. *Please note this list is subject to change and some courses may no longer be offered by the host university.

If your course isn't there, it doesn't necessarily mean that you won't get credit for it. You just have to petition for the course. Fill out the EAP Planning Tool. (We recommend doing this before the start of your instruction so you know whether you should take the class or not.)

[EAP Study Abroad Planning Tool] International Studies, Political Sciences Majors & Minors, and Conflict Resolution Minors
 Please fill out the following information AFTER you have been accepted to your EAP Study Abroad Program and you have access to the schedule of classes for the term of your program.

EAP Study Abroad - Course Petitioning Process

Please select the choice that best fits your current status in the course petitioning process: *

- I have been accepted to a program and I am filling this out prior to leaving for my program.
- I am currently abroad, but have not yet petitioned courses (or are petitioning additional courses).
- I have returned from my program, but have not yet petitioned the courses I am listing below.

Make sure to fill out the EAP Planning Tool early, as it can take up to a week or longer for your petition to be reviewed. Have your course syllabus ready to upload (and translated, if applicable). Even if your class has already been approved in MyEAP course catalog, you still have to fill out the form.
